

Macro 14 FV

Plastic Agricultural Bin

| SPECIFICATIONS | |
|--|--------------------------|
| Item # | 14FV |
| Exterior Dimensions | 47.75" x 47.00" x 16.50" |
| Interior Dimensions | 45.25" x 44.75" x 12.00" |
| Load Capacity (ft³) | 13.1 ft³ |
| Load Capacity (gallons) | 98 gallons |
| Load Capacity (liters) | 370 liters |
| Load Capacity (lbs) | 500 lbs |
| Weight | 58.5 lbs |
| Truckload Quantity (FTL ⁽¹⁾) | 156 |

Dimensions assume tolerance of 1/4". Volume capacities assume tolerance of 5% and tare weights assume a tolerance of 4% unless noted otherwise. Ambient temperature approximately equal to 75°F.

⁽¹⁾ FTL = Full Truckload - based on 53' standard trailer.

Features and Benefits

Rounded corners and smooth surfaces mean fewer scuffs, abrasions, and cuts on your tender fruits. Risk of contamination is reduced because there are fewer places for unwanted particles to hide.

Multiple ventilation slots in the sides and base facilitate the use of thermofogging, reduce heat absorption, and help your products cool down quicker in the hydrocooler.

FDA-approved materials are certified safe for use with food products, eliminating many HACCP problems associated with wood bins

Lightweight construction reduces shipping costs and makes MacroBins easier to move; the direct load corner posts and interlocking foot design make them safer to stack — up to 12 high.

With smooth surfaces and shallow interior depth of only 12 inches, the MacroBin 14 Series is designed to pamper your delicate fruits and vegetables. Product cuts and abrasions are reduced, and with nonporous surfaces the risk of product breakdown from mildew growth is minimized.
